Term 2

I extend a warm welcome back to all children, staff and families for Term 2. I trust that everyone had a great and well deserved break from school. Term 2 at Hampton is typically very busy, activities and important events include:

- Grade 5/6 children being surveyed to seek their thoughts and impressions on school life in April
- The mini fit dance program for our Year 1s and 2s
- Year 4s are off to Sovereign Hill in Ballarat very shortly
- The first of our musical soirees on May 6 at the Alan Lawrence Theatre, McKinnon Secondary College
- Cross country for children in Years 3-6 and for those who enjoy the distance running – District Cross Country
- NAPLAN testing for children in Years 3 and 5
- Year 5/6 Camp in late May at Phillip Island
- The development of our Strategic Plan for the period 2015-2018
- The selection process for the Assistant Principal
- Swimming for the Year 3s and 4s
- The introduction of the new report format for all grades in late June.

Student Opinion Surveys

All Year 5/6 children in government schools in Victoria will be surveyed shortly to seek their opinions and ideas on school. The survey instrument is developed by the department and the results from this provide some useful feedback on how children feel about their school, learning, classroom management, teachers and school life generally. The aggregate data from all schools is also very useful and informative in forward planning and developing programs and curriculum that are effective and appreciated by the children.

The School Strategic Plan

The strategic plan is the school’s statement to the community about what it stands for and intends to do over the next four years, to improve student outcomes. It defines what the school values most and sets out the school’s goals and targets, key strategies for improvement and its resourcing priorities. Late last year we concluded our self-evaluation of the previous 4 years from the Strategic Plan for 2011-2014. The key recommendations from our evaluation were confirmed by the independent reviewer and they included:

- The school should continue with the strong focus on literacy and numeracy
- The school should explore Science further, raise the profile of this important area and focus on the teaching and learning
- The school should continue to develop resilience and independence in children.

Curriculum Days

Parents are reminded that our two remaining curriculum days have been scheduled on: Monday 13 July, this is the first day of Term 3 where staff will be working with literacy expert Julie Shepherd and Monday 2 November, this is the day prior to Melbourne Cup Day where staff will be working on science and technology. Please note these pupil free days in your diaries.

Assembly
We were fortunate to have 5/6B, Casuarinas who led the singing of the National Anthem at assembly yesterday. Congratulations go to Audrey Peric-Low from 5/6B, Casuarinas who played ‘March’ on viola. Audrey showed excellent musicianship with her mature rendition of this lovely soulful piece of music.

Sue’s News
From next week, my news will be on a blog on the website, entitled Sue’s News rather than in the newsletter, we have found that the classroom and specialist blogs have proven to be effective and have been accessed regularly by community members. I will upload relevant information when it suits rather than just once a week which has been the current practice for a long time.

Special Assembly on Tuesday 28 April
Our school captains and youth ambassadors will be running a short ceremony on Tuesday 28 April at 3pm in honour of the Anzac centenary. We have a budding trumpeter from Year 5 who has been practising the Last Post and this will be an integral part of the ceremony. Community members are very welcome to attend.

Glow for Good: This Saturday April 18
We have had some friends from the Hampton Rotary Club address assemblies over the last few weeks to promote interest in the Bayside World Record Challenge to have the most people lighting a glow-stick simultaneously. Locals and friends are invited to attend the Trey Bit Reserve in Sandringham from 4pm onwards on April 18 where some food stalls and entertainment will be set up. People are welcome to bring a family picnic and come along and enter the community spirit. All monies raised will go towards Robert Connor Dawes Fund which would include research into paediatric brain cancer. See the attachment below.

Scabies

We have had a reported case of scabies at school. Scabies is a skin infestation caused by very small mites called Sarcoptes scabiei. The mites burrow into the skin to lay their eggs. New insects hatch from the eggs and can be spread to other parts of the skin by scratching. Scabies is spread by direct, prolonged physical contact. It is thought that about 20 minutes of touching is required. Scabies mites can survive away from humans for about 24-36 hours so it is possible to get scabies from infected bed linen and clothing, although it is less common. Scabies is very common and can affect anyone.

The main symptoms of scabies are:
- Intense itching, typically worse at night and after a hot bath or shower.
- Visible burrows on the skin between the fingers and in skin creases such as armpits and genitals.
- A bump or pimple like rash, which is often difficult to see.
- Small clear, fluid filled spots or lesions.

Usually there is not much rash to be seen because the mites bury into the skin. In children, areas such as the face, scalp, palms and soles of the feet are often infected. Symptoms generally develop 2 to 4 weeks after infection. Diagnosis is based on signs and symptoms. It is sometimes confirmed by taking a skin scraping and identifying the mites under a microscope.

Treatment involves applying a cream or lotion specifically used to treat scabies. This is available from a pharmacist. You need to follow the instructions very carefully to ensure you cover the whole body. Generally, a person is no longer infectious 24 hours after treatment. Some people such as pregnant women and people with sensitive skin may require different treatments.

If you have any concerns please see your GP.

The Great Australian Spelling Bee. Little Kids, Big Words. 
Network Ten Announces New Family Entertainment Series.

Network Ten is pleased to announce it has commissioned an exciting new, family entertainment series, The Great Australian Spelling Bee.

Produced by Shine Australia, The Great Australian Spelling Bee is an original format and will launch on TEN later this year.

Network Ten Chief Programming Officer, Beverley McGarvey, said: “The Great Australian Spelling Bee is an exciting, engaging new series and a perfect fit with our strategy of bringing event television to Australians.

“Surrounded by their friends and loved ones, we will see Australia’s brightest young people put through their paces as they inspire and surprise us. And we will cheer them on.”

Network Ten Head of Drama, Rick Maier, worked with Shine Australia to develop the concept.

“Sometimes the best ideas are the simplest,” Mr Maier said. “And the simplest ideas are the most exciting.”

Mark Fennessy, CEO, Shine Australia, said: “We are delighted to be bringing this original and exciting format to TEN. By super-sizing spelling to a hyper-stylised, entertainment family event, we’ll present the universal art of problem solving on the grandest of scales.

“Viewers will be inspired and enthralled by Australia's most remarkable spellers among the jeopardy and drama of big event television. For these young people, everything is on the line.”

Network Ten will announce the host of The Great Australian Spelling Bee soon.
